

OLDE POINT ARCHITECTURAL CONTROL COMMITTEE

Hampstead, NC 28443

SCHEDULE OF CONSTRUCTION

<u>Stage of Construction</u>	<u>Expected Date of Completion</u>
Land Clearing	_____
Site Prep	_____
Footings or slab setup	_____
Foundation or slab	_____
Framing/Roof	_____
Septic Installation	_____
Driveways, Patios, etc.	_____
Landscaping	_____

Please provide your estimated completion date for each of the phases of construction listed above. We are aware there are many variables, which may result in slight changes of these dates such as weather, contractor delays, material delivery delays, etc. Please advise this committee of any major changes in this schedule.

- Before clearing the lot you are to make an appointment with the ACC so that a member of the ACC can meet with you on the lot and approve of any trees that are to be cut down.
- After due preparation and prior to the pouring of any concrete you are to make an appointment to have an ACC member meet you on site and view the staked out placement of the house to make sure that it is in agreement with the plans.

The ACC will at various times check on the Construction being done.
